

Advanced Training Program on Energy Technology for ASEAN Countries

30th November – 2nd December

Lotte Hotel Legend Saigon

*2A-4A Ton Duc Thang Street District 1, Ho Chi Minh City, Vietnam
+84-8-3823-3333*

National Research Council of Science & Technology (NST) in cooperation with its partners, Korea Institute of Energy Research (KIER), Korea Electrotechnology Research Institute (KERI), Korea Institute of Industrial Technology (KITECH), ASEM SMEs Eco-Innovation Center (ASEIC), is inviting applications to participate in a regional advanced training program on energy and electric power system.

Deadline for applications: 5th November 2015

This training program will be a unique opportunity for the participants to work collaboratively with the partnership to build an Asia energy cooperation to promote a resource-circulation society in Asia. The participants of this training will gain the following benefits:

- a) Enhanced understanding of the need for innovative models of energy management to promote a resource circulation society in Asia
- b) Advanced and in-depth knowledge of advanced methods and models of energy and electric power system initiatives in Asia
- c) Expanded understanding of research areas for each participant to pursue in collaboration with NST, KIER, KERI, KITECH, ASEIC
- d) Strengthened partnership with the lead organizations in identifying opportunities to develop joint regional projects on energy and electric power system

The final selection will be done by 6th November 2015. The advanced training will be organized at the Lotte Hotel Legend Saigon, Ho Chi Minh City, Vietnam from 30th November - 2nd December 2015.

Participants will be required to present their country status paper on energy and electric power system practices and a subsequent paper on options of how they will apply the knowledge gained from the training program.

Partner Institutions

- Managing organizations : NST
- Implementing Organization : KIER, KERI, KITECH, ASEIC

Key dates

- Training duration and dates: 30th November – 2nd December 2015 (3 days)
- Application submission deadline: 5th November 2015
- Final selection : 6th November 2015

Target candidates

- 1 team from Indonesia
- 1 team from Laos
- 1 team from Myanmar
- 3 teams from Vietnam
- Each team consists of three people, one from government, one from SME, one from Research institute

Financial support

- Round trip international airfare to Vietnam
- Accommodation and meals

Required documents

- Application involved a covering letter, expressing interest and justification
- 3 - 4 page paper describing the current situation of the energy practices in their own country in English language
- Certificate of the highest level of education
- Recommendation from the head of department of institution/ organization

Eligibility

18 participants will be selected among academics, practitioners and senior PhDs working on waste-to-energy from Indonesia, Laos, Myanmar and Vietnam.

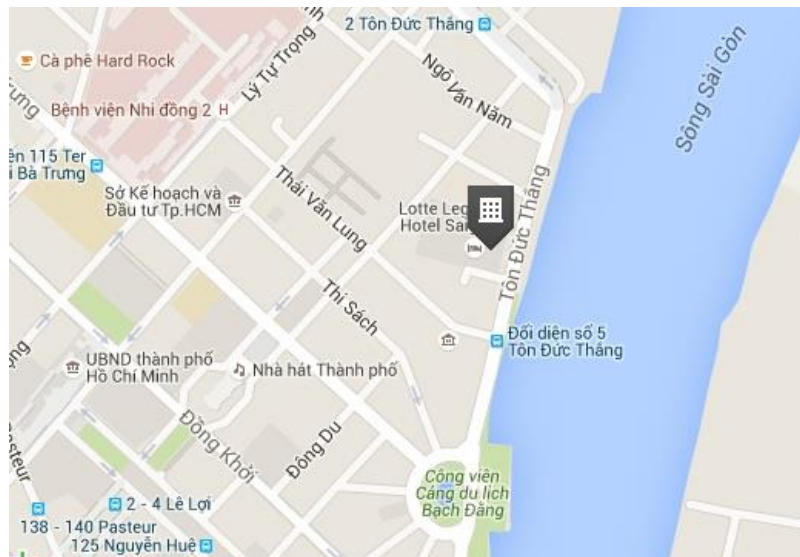

Successful applicants should:

- a) have substantive knowledge and demonstrated interest in resource circulation, and a commitment to strengthening their understanding of waste-to-energy practices;
- b) be committed and available to actively participate in the advanced training program
- c) be prepared to present a country paper on waste-to-energy practices
- d) have fluency in written and spoken English

Application Procedures

The applications (see "required documents" above) must be sent to Mr. Woonho BAEK of KIER by 5th November 2015, to the following e-mail address bwh@kier.re.kr

Training Program Venue

Venue: Lotte Hotel Legend Saigon
